PETG contact with food statement

NUDEC, S. A. hereby states that NUDEC PETG clear extruded sheet up to 12 mm complies with the requirements for contact with foods according to the following regulations:

EUROPE

- Regulation (EU) 10/2011 “Plastic Materials and Articles Intended to Come into Contact with Food”, including all of its amendments.
- Regulation (EC) No. 1935/2004 “Materials and articles intended to come into contact with food”, including all of its amendments.
- Regulation (EC) No. 2023/2006 “Good manufacturing practice for materials and articles intended to come into contact with food”.

MIGRATION TEST RESULTS: See Aimplas report 22-1577-BI/1

Global migration:

Test	Substance	Result
A	Simulant A: Ethanol 10%	OK
B	Simulant B: Acetic acid 3%	OK
C	Simulant D2: Vegetal oil	OK

Specific migration:

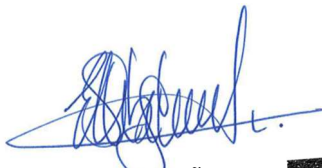

Test	Substance	Simulant	Result
D	Ba, Co, Mn, Zn, Cu, Fe, Li, Al, Ni, Eu, Gd, La, Tb, As, Cd, Cr, Pb, Hg and Sb	B	OK
E	Terephthalic acid Isophthalic acid	Ethanol 95% (substitute D2)	OK
F	Ethyleneglycol + Diethyleneglycol	Ethanol 95% (substitute D2)	OK

USA

- FDA 21 CFR 177.1315 (b) “Ethylene-1, 4-cyclohexylene dimethylene terephthalate copolymers”.
- MIGRATION TEST RESULTS: See Aimplas report AT-1918/17.

Additionally states:

- No components or additives are intentionally added to the above-mentioned products in the production process.
- This statement covers semi-elaborated clear plastic sheets produced and supplied by NUDEC S.A.
- It is the responsibility of the end-user to determine that the product is suitable for its intended food-contact use, that its use does not cause adulteration of food and that the final product complies with all applicable regulatory requirements.
